

Volunteers Needed:

EMPART USA PARTNER-CARE CALLERS

As Empart USA grows in our ministry to India, we want to continue to pursue an authentic two-way partnership between our ministry and our supporters.

We highly value each of our Empart partners, and we want to know how we can encourage them and pray for them periodically. As a **Partner-Care Caller**, this would consist of making phone calls to our Empart USA partners, whether it be 5 or 50 – each call is important.

We would like to share more details with you (and others you know that might be interested) about the ministry of deepening our relationship with our Empart USA family.

Please contact us at info@empartusa.org

May a bright and wonderful New Year be yours in 2010!

Team Empart USA
