Continue to pray for all Church Planters undergoing physical, spiritual and emotional trials.

Dear Friends

May—June 2010

May and June bring two very special days in our lives. Mother's and Father's Day. We honor those who raised us and try to spend time with them. This time is very special to us as we often don't thank them enough for what they have done for us.

Now step over to India. Most of our church planters come from the Hindu religion. Once they convert their family disowns them. They can never go back and have a happy time with their mom or dad. Many in fact will be persecuted by the very family that should be loving them.

They have paid a huge price to follow Jesus. Yet at the same time they love God so much they are willing to give up everything just to follow him. That includes sometimes being beaten as happened at our training center in Durg around Easter time.

Three of the church planters were taken to jail on false charges after being beaten. All the while we were praying for them. What would happen to them? Would they even survive in jail? God had a plan that we didn't know.

Praise God, they were released!!! Then a truly remarkable statement was made by these young men. They all said "We must start a prison and jail ministry. People there must hear of Jesus, too". God is too powerful to have his work stopped!

We have a direct supporting role in this. Let us take a few moments each day to unite in prayer with others around the world to lift up the enclosed requests. Prayer will directly support these pastors.

So as we honor our mother and father, let us also remember those in India who have given up so much for the sake of Jesus!
